Revision 18409 - 2019-08-28 10:21 - Go MAEDA

IssueCustomFieldTest randomly fails (#31967).

Patch by Yuichi HARADA.

History

#1 - 2019-08-28 09:50 - Go MAEDA

- Subject changed from *IssueCustomFieldTest failed* to *IssueCustomFieldTest randomly fails*
- Target version set to 4.1.0

The instance variable @category has never used in issue_custom_field_test.rb. Probably the line was mistakenly added in [r17761](#).

Setting the target version to 4.1.0.

#2 - 2019-08-28 10:21 - Go MAEDA

- Status changed from *New* to *Closed*
- Assignee set to *Go MAEDA*

Committed the fix. Thanks.
