

Redmine - Feature #32002

Add inherit_members to projects API response

2019-09-03 23:31 - Alex Sinav

Target version:	4.1.0		
Resolution:	Fixed		
Description I didn't found a way to get inherit_members field value of project via REST API. According to docs - https://www.redmine.org/projects/redmine/wiki/Rest_Projects#Showing-a-project - this field doesn't returned by "GET /projects/[id].xml". But can be updated by "PUT /projects/[id].xml". Is there a way to get inherit_members of project? mysql 5.7.27 Ruby version 2.3.1-p112 (2016-04-26) Rails version 4.2.11.1 Redmine version 3.4.11.stable

Revision 18431 - 2019-09-05 06:08 - Go MAEDA

Add inherit_members to projects API response (#32002).

Patch by Yuichi HARADA.

History

#1 - 2019-09-04 02:29 - Go MAEDA

- Related to Feature #5605: Subprojects should (optionally) inherit Members from their parent added

#2 - 2019-09-04 02:34 - Go MAEDA

Unfortunately, GET /projects/:id.xml(json) and GET /projects.xml(json) don't return inherit_members. I think the APIs should have been updated when the feature was added in Redmine 2.3.0 ([#5605](#)).

#3 - 2019-09-04 11:59 - Alex Sinav

So is there plans to update REST API with this feature?

#4 - 2019-09-05 02:08 - Yuichi HARADA

- File fixed-32002.patch added

I fixed to return inherit_members for GET /projects/:id.xml(json) and GET /projects.xml(json).
I attached a patch.

#5 - 2019-09-05 03:24 - Go MAEDA

- Tracker changed from Defect to Feature

- Subject changed from inherit_members field value of project via REST API to Add inherit_members to projects API response

- Target version set to 4.1.0

LGTM. Setting the target version to 4.1.0.

#6 - 2019-09-05 06:11 - Go MAEDA

- Status changed from New to Closed

- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the patch. Thank you for your contribution.

It will be available in upcoming Redmine 4.1.0, stay tuned. Thank you for reporting this.

#7 - 2019-09-05 12:26 - Alex Sinav

Thank you.
