

Redmine - Patch #32094

Remove unnecessary call to set_tmp_attachments_directory

2019-09-19 17:05 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	4.1.0		
Description			
In test/integration/api_test/attachments_test.rb and test/functional/attachments_controller_test.rb, calling the method set_tmp_attachments_directory at the tail of a method is unnecessary because the method is called in the teardown method (see source:tags/4.0.4/test/integration/api_test/attachments_test.rb#L37 and source:tags/4.0.4/test/functional/attachments_controller_test.rb#L33).			
This patch removes the unnecessary calls to set_tmp_attachments_directory.			

Associated revisions

Revision 18484 - 2019-09-20 03:31 - Go MAEDA

Fixes not to call set_tmp_attachments_directory twice after each test (#32094).

Patch by Go MAEDA.
