Redmine - Patch #32114

Give project list cards the same background like grid cells in many other views

2019-09-22 23:03 - Anonymous

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	UI		**Estimated time:**	0.00 hour
Target version:				

Description

The color #f6f6f6 is used in other grid cells nearly everywhere else now.
IMHO by giving that same background to project cards as well, they start to feel a little bit less hollow than before.

History

#1 - 2019-09-22 23:04 - Anonymous

I made a typo in the title-> it must be "grid cells in many **other** views" someone please correct :D

#2 - 2019-09-23 01:35 - Mischa The Evil

- Subject changed from Give project list cards the same background like grid cells in many ther views to Give project list cards the same background like grid cells in many other views

- Description updated
