

Redmine - Defect #32167

Inconsistent border coloring of UI elements?

2019-09-28 18:17 - Anonymous

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
<div>Description</div> <div><div>- Table lists (list.table), Boxes (.box) and fieldsets (fieldset) border color is #e4e4e4</div><div>- Gantt (table.gantt-table) border color is #c0c0c0</div><div>- Calendar (table.cal) border color is #d7d7d7</div><div>- Separrator after tabs (#content .tabs ul), Footer (#footer) border color is #bbbbbb</div><div>- Sidebar (#sidebar), My page box (.mypage-box) border color is #dddddd</div><div>- Buttons, input fields, text areas current border color is #cccccc</div></div> <div>Question is, was this intended or perhaps more, or even all of those elements could have the same border color?</div> <div>I am thinking all of them could, except maybe anything that falls under the input tag.</div> <div>I think before any patch is to be proposed, a discussion on which elements could be border-colored the same, would be great.</div>
