Redmine - Feature #32302
Filter projects after bookmarks

Resolution: Fixed

Description

I think it will be useful to allow users to filter the projects (#29482) after bookmarks (#31355) and I see two options:

1. "Bookmarks" filter with yes and no
   bookmarks_fiter.png

2. "<< my bookmarks >> option in Project filter
   my_bookmarks.png

Since we already have "<< my projects >>" in Project filter, the filter seems the right place to add "<< my bookmarks >>".
Here is the patch, I think we can commit it as part of #29482 and #31355.

The patch works fine and passed all tests.

Indeed. This feature should be delivered in 4.1.0.
