

Redmine - Defect #3251

lack of CSS

2009-04-28 09:28 - Tadashi Oh-Ya

Status:	Closed	Start date:	2009-04-28
Priority:	Normal	Due date:

Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Wont fix		

Description

(I upgraded redmine from 0.8.3 to svn-trunk.)
(and rake db:migrate RAILS_ENV="production" with no errors.)

There is lack of CSS with Project Tier layout.

I have some Projects:

```
Project1(tier-1) > Project2(tier-2)
Project3(tier-1)
```

and I moved Project3 to become a child of Project2:

```
Project1(tier-1) > Project2(tier-2) > Project3(tier-3)
```

I receive a HTML as follows.
string "Project3" is displayed bigger than string "Project2".

```
<div id="quick-search">
  ...
</div>

<h1><a href ... class="root">Project1</a> &#187; <a href ... class="ancestor">Project2</a> &#187;
Project3</h1>

<div id="main-menu">
  ...
</div>
```

History

#1 - 2009-06-14 11:27 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Wont fix

This is the desired behaviour, the intermediate projects are displayed smaller.
You can change it with a custom CSS.
