

Redmine - Defect #32529

The end of the URL is replaced with "undefined" in IE11 and Edge

Resolution:	Fixed		
Description			
Clicking "Administration > Users > [dlopper]" redirects to "/users/3/edit", however address bar shows "/users/3/undefined".			
			
Reproduce with trunk and 4.1-stable. (Does not reproduce with 4.0-stable)			
Maybe this.href added to #3058 doesn't seem to work on IE11 and Edge.			
I confirmed that the following patch works with IE11, Edge, Firefox, Chrome, Safari.
