

Redmine - Defect #32654

How to integrate with gitlab

2019-12-18 03:21 - jason chen

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
When I use SVN as SCM, add refs #id when commit, and I will see the corresponding changes on the corresponding issue. Using the same method, when commit on Gitlab, the issue on Redmine cannot be tracked to the changes on Gitlab. what should I do?			

History

#1 - 2019-12-18 03:23 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Invalid

Please use forums for questions. Issues are used to report a bug, suggesting a new feature, or submitting a patch. Reading [How to request help](#) may be helpful for you.
