Reload detached attachments (#32922).

Patch by Pavel Rosický.

#### History

##### #1 - 2020-01-30 08:13 - Marius BĂLTEANU

Thanks Pavel for posting the patches for Rails 6 update.

I've applied this patch on the current trunk and a test fails:

```
Failure:
  AttachmentsTest#test_upload_and_resubmit_after_validation_failure [/builds/redmine-org/redmine/test/integration/attachments_test.rb:113]:
    Expected at least 1 element matching "input[name='attachments[p0][description]'][value='My uploaded file']",
    found 0..
    Expected 0 to be >= 1.
bin/rails test test/integration/attachments_test.rb:99
```

You can see the test results [here](#).

##### #2 - 2020-01-30 08:14 - Marius BĂLTEANU

- Related to Feature #29914: Migrate to Rails 6.1 with Zeitwerk autoloading added

##### #3 - 2020-01-30 12:28 - Pavel Rosický

- Status changed from New to Resolved

sry, thanks for catching this, I was confused about the comment. Closing

##### #4 - 2020-01-31 09:30 - Marius BĂLTEANU

- Status changed from Resolved to New

Let's keep it open, maybe we can fix the issue.

##### #5 - 2021-04-03 07:55 - Marius BĂLTEANU

- Subject changed from reload detached attachments to Reload detached attachments

This change passes all the tests now: <https://gitlab.com/redmine-org/redmine/-/pipelines/280930686>

The fail reported by me above was caused by another issue that was fixing as part of Rails 6.1 update.

##### #6 - 2021-04-03 07:55 - Marius BĂLTEANU

- Target version set to 5.0.0

#7 - 2021-04-08 10:55 - Go MAEDA

- Category set to Code cleanup/refactoring
- Status changed from New to Closed
- Assignee set to Go MAEDA

Committed the patch. Thank you.
