Reload detached attachments (#32922).

Patch by Pavel Rosický.

History

#1 - 2020-01-30 08:13 - Marius BALTEANU

Thanks Pavel for posting the patches for Rails 6 update.

I've applied this patch on the current trunk and a test fails:

Failure:
AttachmentsTest#test_upload_and_resubmit_after_validation_failure [/builds/redmine-org/redmine/test/integration/attachments_test.rb:113]:
Expected at least 1 element matching "input[name="attachments[p0][description]"[value="My uploaded file"]", found 0...
Expected 0 to be >= 1.
bin/rails test test/integration/attachments_test.rb:99

You can see the test results here.

#2 - 2020-01-30 08:14 - Marius BALTEANU
- Related to Feature #29914: Migrate to Rails 6.1 with Zeitwerk autoloading added

#3 - 2020-01-30 12:28 - Pavel Rosický
- Status changed from New to Resolved

sry, thanks for catching this, I was confused about the comment. Closing

#4 - 2020-01-31 09:30 - Marius BALTEANU
Let's keep it open, maybe we can fix the issue.

#5 - 2021-04-03 07:55 - Marius BALTEANU
- Subject changed from reload detached attachments to Reload detached attachments

This change passes all the tests now: https://gitlab.com/redmine-org/redmine/-/pipelines/280930686

The fail reported by me above was caused by another issue that was fixing as part of Rails 6.1 update.

#6 - 2021-04-03 07:55 - Marius BALTEANU
- Target version set to 5.0.0

#7 - 2021-04-08 10:55 - Go MAEDA
- Category set to Code cleanup/refactoring
- Status changed from New to Closed
- Assignee set to Go MAEDA

Committed the patch. Thank you.
