Description

Write notes when moving issues. Most of the time you want to write a note about why you're moving an issue.

This is related to [#3055](#3055)

+1. Yes, this should be very important to become MUST PUT NOTE when issues are moved across versions or at least across the projects.

#2 - 2013-03-22 11:59 - Toshi MARUYAMA

- Category set to Issues

#3 - 2016-01-03 05:25 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Fixed

The feature to move an issue was integrated with the update form by [#4769](#4769) and now we can write a note when we move an issue.
