

## Redmine - Feature #33056

### Dark Mode setting (per user)

<b>Target version:</b>			
<b>Resolution:</b>			
<b>Description</b> It would be nice for a user to be able to set a "Dark Mode" for the Redmine UI.  This would allow people who prefer working with darker colours or have light-sensitivity issues to be able to use Redmine without any issues.  Many apps and mobile devices offer Dark Mode as a standard per-user setting.

Many apps and mobile devices offer Dark Mode as a standard per-user setting.

Would love to have this feature on my website

**#5 - 2023-08-11 09:26 - Michael Michalewicz**

found this plugin: [https://github.com/fraoustin/redmine\\_dark](https://github.com/fraoustin/redmine_dark)

**#6 - 2023-08-11 09:45 - Michael Michalewicz**

and this as well: <https://9to5tutorial.com/use-dark-mode-in-redmine>  
<https://darkmodejs.learn.uno/>  
<https://github.com/onozaty/redmine-view-customize>

not perfect, but makes the site dark
