Description			
<p>Hi,</p> <p>I'd need 3 plugin hooks for a Campfire notifier plugin for Redmine I am using. I've included a patch.</p> <p>It is:</p> <ul style="list-style-type: none">- One hook after editing a wiki,- One hook after creating a new topic in a board,- One hook after replying to a topic in a board. <p>I also pulled a request to edavis on github.</p> <p>Thanks!</p>
