Thank you for posting the translation patch. Could you translate also the following strings that occur at source:trunk/config/locales/de.yml#L151?
Translating them makes de.yml perfect.

```
must_contain_uppercase: "must contain uppercase letters (A-Z)"
must_contain_lowercase: "must contain lowercase letters (a-z)"
must_contain_digits: "must contain digits (0-9)"
must_contain_special_chars: "must contain special characters (!, $, %, ...)"
```

- File de_Rev1.diff added

Sorry, I overlooked these text strings.
I added the missing translations to rev. 1 of the patch.
