- *File invalid-chars.png added*

Thank you for updating the translation but the patch contains invalid bytes and causes an error when running bin/rake locales.

Could you check if the attached patch is OK?

- *File gl.yml.patch added*

Somewhat, I messed up the file's encoding. I opened the file with jEdit and corrected the wrong characters.

I have re-uploaded the file.

Sorry for the inconvenience.

#3 - 2020-03-12 08:56 - Go MAEDA

- Status changed from New to Closed
- Assignee set to Go MAEDA

Committed the patch. Thank you for your contribution.
