

Redmine - Defect #33193

Defect for Spent time at issues page for issue that is parent to other projects issue

2020-03-24 13:20 - VD DV

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:		Affected version:	4.0.0
Resolution:	Duplicate		
Description It seems that if some issue X1 (at project X) is parent to issue Y1 (at another project Y), the "Spent time" value displayed at X1 is correct, but there is no link to Timelog page on that value. Furthermore, Total value is also correct, but link on total value is incorrect. It is referencing to timelog issues just in parent project X, not in all child issues at other projects. Example: Wrong link: https://redmine_site/redmine/projects/X/time_entries?issue_id=%7E20716 It should be: https://redmine_site/redmine/time_entries?issue_id=%7E20716
