Redmine - Defect #33273
Total estimated time column shows up as decimal value regardless of time setting
2020-04-08 06:50 - Farook Al-Sammarraie

- **Status:** Closed
- **Priority:** Normal
- **Assignee:** Go MAEDA
- **Category:** Issues list
- **Target version:** 4.1.2
- **Resolution:** Fixed
- **Estimated time:** 0.00 hour

**Description:**

The reason for the issue is that `total_estimated_hours` is missing from `queries_helper.rb`.

The issue can be fixed by changing lines 170 and 241:

(I already fixed it on my instance)

I'm not exactly sure if subversion supports something like pull requests in git, so I'm opening an issue instead.

Go Maeda, is there any reason for why we don't merge this to 4.0.8 as well?

#8 - 2020-04-15 17:04 - Go MAEDA

Go Maeda, is there any reason for why we don't merge this to 4.0.8 as well?

This is because I simply didn't want to do manual work. r19702 cannot be auto-merged to 4.0-stable. But I will do it if you or someone think that the fix should be a part of 4.0.8.
