Copied to Redmine - Feature #37634: Export spent time report as PDF	Closed

History

#1 - 2020-04-20 10:27 - Go MAEDA

- Tracker changed from Patch to Feature
- Subject changed from Spentime report to Export spent time report as PDF

#2 - 2020-04-23 02:58 - Ali Hamdan

In addition to the above is there a way to add as well a canvas signature pad which will capture the signature and be included in the PDF export.

Do we know why this issue is set to resolved? There is no target version set and I can't see any other open issues (only [#1996](#) which is inactive sicne 8 years and [#5519](#) which is closed).

The issue was changed to 'Resolved' by Ali Hamdan (the issues author) eight month ago. I assume that he solved his problem himself and had no need for this feature anymore. We can open the feature request again, if the feature is still needed.

Hi Egan i made a small plugin that allows you to export each time spent as a pdf format or all of them, you can find it on https://github.com/ahamdan1990/time_log_pdf_export
