**Description**

Hi,

When editing Spent Time the current time entry user is shown twice in the *User* drop-down.

This is because the condition to add the current time entry user to the collection is wrong in TimelogHelper#user_collection_for_select_options.

It is:

```
collection << time_entry.user unless time_entry.user.nil? && !collection.include?(time_entry.user)
```

But it should be:

```
collection << time_entry.user if time_entry.user && !collection.include?(time_entry.user)
```

Best regards,
Thomas

The fix looks good to me. The attached patch contains the fix and an assertion.

Tests pass: https://gitlab.com/redmine-org/redmine/pipelines/139995890

**#6 - 2020-04-27 08:36 - Go MAEDA**

*- Subject changed from When editing Spent Time the current time entry user is shown twice in the User drop-down to Time entry user is shown twice in the User drop-down when editing spent time*

*- Status changed from Confirmed to Closed*

*- Assignee set to Go MAEDA*

*- Resolution set to Fixed*

Committed the fix. Thank you.
