

Redmine - Defect #3356

Sometimes new posts don't show up in the topic list of a forum.

2009-05-13 17:47 - Thomas P.

Status:	Closed	Start date:	2009-05-13
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Forums	Estimated time:	0.00 hour
Target version:	0.9.0	Affected version:	0.8.4
Resolution:	Fixed		
Description			
<p>Sometimes, when a user posts a new topic in the forum, it will not show up in the topic list of that forum. However, the post is shown in the "last post" box on the forums overview.</p> <p>I could not reproduce it because my (admin) posts show up. But I can see that various posts are not listed for whatever reason.</p> <p>forumsbug1.tiff</p> <p>forumsbug2.tiff</p>

Revision 2787 - 2009-06-14 11:19 - Jean-Philippe Lang

Fixed: editing a message may cause sticky attribute to be NULL (#3356).

History

#1 - 2009-05-13 18:22 - Jean-Philippe Lang

Can you post the content of your database:

- the row of the post that doesn't show up (select * from messages where id=[your message id])
- the row of the board it belongs to (select * from boards where id=[your board id])

And please give your Redmine revision and database version.

#2 - 2009-05-13 21:42 - Thomas P.

Redmine revision is 2737, database is mysql 5.0.51a-24 (Debian)

id	board_id	parent_id	subject	content	author_id	replies_count	last_reply_id	created_on	updated_on	locked	sticky
132	2	NULL	lig... l...	1221	1	1326	2009-05-13 14:49:55	2009-05-13 19:18:48	NULL	NULL

#3 - 2009-05-13 22:25 - Stefan B

sticky NULL is the problem; it is at the end of the list (it should be 0).

#4 - 2009-05-14 18:24 - Jean-Philippe Lang

This field should have a default value of 0 in your database:

source:/trunk/db/migrate/083_add_messages_sticky.rb

Can you check this?

#5 - 2009-05-14 21:28 - Stefan B

Migration script is valid, db/schema.rb too, even checked mysql db:

```
mysql> describe messages;
+-----+-----+-----+-----+-----+
| Field      | Type      | Null | Key | Default | Extra      |
+-----+-----+-----+-----+-----+
[...]
```

Field	Type	Null	Key	Default	Extra
sticky	int(11)	YES		0	

update messages set sticky=0 where sticky is null; fixed the issues temporarily yesterday, but there already new broken topics:

```
mysql> select id, board_id, parent_id, created_on, updated_on, sticky from messages where sticky is null;
+-----+-----+-----+-----+-----+-----+
| id | board_id | parent_id | created_on      | updated_on      | sticky |
+-----+-----+-----+-----+-----+-----+
| 1340 | 2 | 1328 | 2009-05-14 08:06:48 | 2009-05-14 08:07:42 | NULL |
| 1341 | 2 | NULL | 2009-05-14 10:15:43 | 2009-05-14 10:36:46 | NULL |
| 1345 | 2 | NULL | 2009-05-14 14:18:48 | 2009-05-14 14:23:50 | NULL |
+-----+-----+-----+-----+-----+-----+
3 rows in set (0.00 sec)
```

#6 - 2009-05-18 18:45 - Stefan B

We hunted the bug...

Create a new topic, reply to it. Edit the reply. => sticky = NULL

Editing the first post works, only editing the reply is broken.

#7 - 2009-06-14 11:20 - Jean-Philippe Lang

- Status changed from New to Closed
- Target version set to 0.9.0
- Affected version (unused) changed from devel to 0.8.4
- Resolution set to Fixed
- Affected version set to 0.8.4

Fixed in r2787. Thanks for pointing this out.
