Target version:	4.2.0		
Resolution:	Fixed		
Description			
Users CSV has updated_on and passwd_changed_on column since r19740 . I think it is inconsistent that the values are not included in API response.

- File 0002-Add_assertions_to_users_api_integration_test.patch added

I've attached a patch to ensure these fields are correctly added.

But I'm afraid that these assertions might be too detailed. For now Redmine::ApiTest::UsersTest doesn't have tests for individual fields except for id and some optional fields.

I wonder if we should add assertions for other fields too, or just drop this test patch to keep test code simple.
