Redmine - Defect #33616

Assignee & Author Dropdown Sort

2020-06-17 16:38 - Victor Reinhart

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues filter	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate	**Affected version:**	4.1.1

Description

In Redmine 4.1.1.stable, the Assignee and Author dropdowns seems to be in a random order.
Redmine plugins:
redmine_agile   1.5.3
redmine_issue_dynamic_edit   0.7.2
In the "Issues" tab, we add "Assignee", and see:
<<me>>
active (in bold)
(a list of users in what seems like a random order)
locked (in bold)
(a list of locked users in what seems like a random order)

Desired: A way to default the sort by first name, last name. About 100 users show in our dropdown, it is difficult to find the right person. We recently upgraded to 4.1.1 from version 2.something.

I tried looking in Administration, Settings, Display, and have "Users display format" in "First Last" setting.
The dropdown does display the names in First Last format.

They just are in the wrong order. They are not sorted by Last Name. They are not sorted by First Name. They are not sorted by Login. They are not sorted by creation date.

Please advise.

We use Redmine daily and really like it.
Thank you!

Hello Victor,

This is Dimitar from the **RedmineUP** Support Team.

I see that you have some of our plugins on your list:

```
redmine_agile
```

So, could you please contact our support team at support@redmineup.com**? And our support engineers will help you investigate the situation.**

We look forward to hearing from you.

Best Regards,
Dimitar from the RedmineUP Support Team
