Description
Hi Redmine,
How can I combine (merged) created letters under one letter?

History

#1 - 2020-06-24 02:45 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Invalid

Redmine don't have a feature to merge issues yet. A related issue is [#1624](#1624).

Please use forums for questions. Issues are used to report a bug, suggesting a new feature, or submitting a patch. Reading How to request help may be helpful for you.
