**Description**

# What's the problem?

If I link a group and a project the "remove user" icon disappears from the members tab in the configuration of the project.

# Current workflow

To delete a user (member of a group) from a project (whose group has been previously added to the project) I go to Administration -> Users -> User Id -> Projects -> Delete specific project

# What do I expect?

To be able to remove a user (member of a group) from a project (with that group added to the list of members).

# Redmine configuration

```
Environment:
  Redmine version              4.1.1.devel
  Ruby version                 2.5.5-p157 (2019-03-15) [x86_64-linux-gnu]
  Rails version                5.2.4.2
  Environment                  production
  Database adapter             PostgreSQL
  Mailer queue                 ActiveJob::QueueAdapters::AsyncAdapter
  Mailer delivery              smtp
SCM:
  Git                          2.20.1
  Filesystem
Redmine plugins:
  redmine_agile                1.5.3
  redmine_dashboard            2.7.1
  redmine_datetime_custom_field 1.0.1
  redmine_indicator            0.2.13
  redmine_issue_evm            5.3.4
  redmine_issues_tree          0.0.14
  redmine_mentions             0.1.1
  redmine_omniauth_google      0.0.1
  redmine_rtmaterial           0.1.8
  responsive_redmine_tables    0.1.7
```

**History**

**#1 - 2022-12-13 14:17 - Dimitar (RedmineUP)**

Hello Juan,

This is Dimitar from the **RedmineUP** Support Team.

I see that you have some of our plugins on your list:

```
redmine_agile
```

**So, could you please contact our support team at** [support@redmineup.com](mailto:support@redmineup.com)**? And our support engineers will help you investigate the situation.**

We look forward to hearing from you.

Best Regards,
**Dimitar from the RedmineUP Support Team**
