

Redmine - Feature #3372

add 'closed' html class to closed issues in search results

2009-05-16 23:38 - Andrew Rudenko

Status:	Closed	Start date:	2009-05-16
Priority:	Normal	Due date:

Category:	Text formatting	Estimated time:	0.00 hour
Target version:			
Resolution:	Fixed		
Description search results display closed issues with a regular style. It would be great if those issues that are closed would also have the class "closed" to make ability to be styled with line-through. It could be done by adding following into the existing code (it is as I have implemented in my own instance): <pre>+++ app/views/search/index.rhtml (working copy) @@ -26,7 +26,7 @@ <h3><%= l(:label_result_plural) %> (<%= @results_by_type.values.sum %>)</h3> <dl id="search-results"> <% @results.each do e %> - <dt class="<%= e.event_type %>"><%= content_tag('span', h(e.project), :class => 'project') unless @project == e.project %> <%= link_to highlight_tokens(truncate(e.event_title, 255), @tokens), e.event_url %></dt> + <dt class="<%= e.event_type %> <%= 'closed' if e.event_type.eql?('issue') && e.closed? %> "><%= content_tag('span', h(e.project), :class => 'project') unless @project == e.project %> <%= l ink_to highlight_tokens(truncate(e.event_title, 255), @tokens), e.event_url %></dt> <dd><%= highlight_tokens(e.event_description, @tokens) %> <%= format_time(e.event_datetime) %></dd> <% end %></pre> also .css should contain the proper style. I have following below: dt.closed a { text-decoration: line-through; }			

History

#1 - 2009-05-17 10:16 - Jean-Philippe Lang

- Status changed from New to Closed

Feature was added in [r2256](#).

#2 - 2009-05-17 13:58 - Andrew Rudenko

Sorry for sent duplicated issue,
but I uses redmine code from 0.8-stable branch [r2719](#) and there is no code provided in [r2256](#).

#3 - 2009-05-22 14:20 - Andrew Rudenko

- Status changed from Closed to Reopened
- Assignee set to Jean-Philippe Lang

issue.rb in [r2256](#) has following code:

<http://www.redmine.org/projects/redmine/repository/revisions/2256/diff/trunk/app/models/issue.rb>

```
43 :url => Proc.new {|o| {controller => 'issues', :action => 'show', :id => o.id}}, 44 :type => Proc.new {|o| 'issue' + (o.closed? ? ' closed' : '') }
```

issue.rb from 0.8-stable branch are at [r2761](#) and has missed line 44 from [r2256](#):

<http://www.redmine.org/projects/redmine/repository/revisions/2761/entry/tags/0.8.4/app/models/issue.rb>

also there is no fix in application.css from 0.8-stable (

<http://www.redmine.org/projects/redmine/repository/revisions/2651/entry/branches/0.8-stable/public/stylesheets/application.css>)

the fix from [r2256](#) for [application.css](#) was following:

<http://www.redmine.org/projects/redmine/repository/revisions/2256/diff/trunk/public/stylesheets/application.css>
