Thanks for the translations, Stanislav. Though: no issues should be opened here for 3PD plugins.

I'm about to release v0.2.0 of the plugin later today... It'll contain some more translations. I've openend thread <http://www.redmine.org/boards/3/topics/6078> for follow-ups on this issue including the current (pre 0.2.0-release) en.yml for further translations...
