

## Redmine - Defect #33930

### 500 error when attempting to create custom field enumeration with empty name

2020-08-30 17:50 - Felix Schäfer

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Go MAEDA	<b>% Done:</b>	0%
<b>Category:</b>	Custom fields	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	4.2.0	<b>Affected version:</b>	4.1.1
<b>Resolution:</b>	Fixed		
<b>Description</b>			
<p>When editing the list of possible values for a key/value custom field type, clicking "Add" with the field empty will lead to a HTTP 500 error from Redmine. An example stack trace is attached. The error is confirmed on current master.</p> <p>It should at least be fixed that Redmine does not create an HTTP 500 error, an error message that the value must not be empty would be better.</p> <pre>Started POST "/custom_fields/1/enumerations" for :::1 at 2020-08-30 17:47:21 +0200 Processing by CustomFieldEnumerationsController#create as JS   Parameters: {"utf8"=&gt;"", "custom_field_enumeration"=&gt;{"name"=&gt;""}, "commit"=&gt;"Add", "custom_field_id"=&gt;"1"}   Token Update All (2.5ms)  UPDATE `tokens` SET `tokens`.`updated_on` = '2020-08-30 17:47:21' WHERE `tokens`.`user_id` = 1 AND `tokens`.`value` = '&lt;redacted&gt;' AND `tokens`.`action` = 'session'     (0.3ms)  SELECT MAX(`settings`.`updated_on`) FROM `settings`   User Load (0.3ms)  SELECT `users`.* FROM `users` WHERE `users`.`type` IN ('User', 'AnonymousUser') AND `users`.`status` = 1 AND `users`.`id` = 1 LIMIT 1   Current user: admin (id=1)   CustomField Load (0.3ms)  SELECT `custom_fields`.* FROM `custom_fields` WHERE `custom_fields`.`id` = 1 LIMIT 1     (0.3ms)  BEGIN     (0.2ms)  ROLLBACK   Rendering custom_field_enumerations/create.js.erb   Rendering custom_field_enumerations/index.html.erb   CustomFieldEnumeration Load (0.4ms)  SELECT `custom_field_enumerations`.* FROM `custom_field_enumerations` WHERE `custom_field_enumerations`.`custom_field_id` = 1 ORDER BY `custom_field_enumerations`.`position` ASC   Rendered custom_field_enumerations/index.html.erb (8.8ms)   Rendered custom_field_enumerations/create.js.erb (13.7ms) Completed 500 Internal Server Error in 100ms (ActiveRecord: 4.4ms)  ActionView::Template::Error (No route matches {:action=&gt;"update", :controller=&gt;"custom_field_enumerations", :custom_field_id=&gt;"1", :id=&gt;nil}, missing required keys: [:id]):   14:      &lt;%= check_box_tag "custom_field_enumerations[#{value.id}][active]", 1, value.active? %&gt;   15:      &lt;%= 1(:field_active) %&gt;   16:      &lt;/label&gt;   17:      &lt;%= delete_link custom_field_enumeration_path(@custom_field, value) %&gt;   18:    &lt;/li&gt;   19:  &lt;% end %&gt;   20: &lt;/ul&gt;  app/views/custom_field_enumerations/index.html.erb:17:in `block (2 levels) in _app_views_custom_field_enumerations_index_html_erb___3882666770216567044_70211539369080' app/views/custom_field_enumerations/index.html.erb:7:in `each_with_index' app/views/custom_field_enumerations/index.html.erb:7:in `block in _app_views_custom_field_enumerations_index_html_erb___3882666770216567044_70211539369080' app/views/custom_field_enumerations/index.html.erb:4:in `_app_views_custom_field_enumerations_index_html_erb___3882666770216567044_70211539369080' app/views/custom_field_enumerations/create.js.erb:1:in `_app_views_custom_field_enumerations_create_js_erb___3749928945083050900_70211553777600' lib/redmine/sudo_mode.rb:64:in `sudo_mode'</pre>

Revision 20583 - 2020-12-06 03:55 - Go MAEDA

500 error when attempting to create custom field enumeration with empty name (#33930).

Patch by Kevin Fischer.

History

#1 - 2020-08-31 11:22 - Go MAEDA

- Status changed from New to Confirmed

#2 - 2020-09-21 10:34 - Kevin Fischer

- File 33930.diff added

Here is a patch written by goh, rbtgr and me.

#3 - 2020-11-15 01:49 - Go MAEDA

- Target version set to Candidate for next major release

#4 - 2020-11-28 07:36 - Go MAEDA

- File 33930-validation.png added

- Target version changed from Candidate for next major release to 4.2.0

Validation errors are now handled properly with the patch. Setting the target version to 4.2.0.
