

Redmine - Patch #33958

Jump to end of line in editor when starting list or quote

2020-09-04 11:14 - Felix Gliesche

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:	4.0.8		
Description Currently, when using the toolbar, the cursor does not jump to the end of the line for (un)ordered lists and quotes if the line is empty. The user therefore needs to manually move the selector. This behaviour can be improved by jumping to the end of the line when using one of these buttons for lists / quotes. The attached patch takes care of this. Before: before.gif After: after.gif
