Description

It is not good that all passwords are revieled in the logs. you should use this function in your model:

filter_parameter_logging :password   #will not log password

/MartOn

History

#1 - 2007-04-04 03:20 - Jean-Philippe Lang

This fix has already been applied in the latest source available
in the repository.

Thanks

#2 - 2007-04-11 11:49 - Jean-Philippe Lang

The latest 0.5.0 release fixes this problem.

Thanks.
