<b>Description</b>			
<p>Hi all,</p> <p>Just wanted to ask for a new email notification / report.</p> <p>Would it be beneficial to have a report of all issues sorted by priority or due data coming every (for example) 7 days to your inbox?</p> <p>Something like a high level managers report.</p> <p>This could be added to the current active email notification, just would requires a setting field to set the interval which the system would send the report to the user and parameters.</p> <p>Many Thank's</p>
