<b>Description</b>			
<p>Hello,</p> <p>Is there a way to list the number of issue assigned to a custom user ?</p> <p>We are using the custom user to have 2 people reviewing our issues.</p> <p>With the addition of the notify_custom_users plugin, that's perfect..</p> <p>Except one thing, we don't know how many issues are already assigned to each custom user.</p> <p>That would be great to have either a way to display a list of all custom_user with the number of open issues assigned ; or this number between brackets on the right of each name in the dropdown list.</p> <p>Thanks</p>
