

## Redmine - Defect #34276

### Atom feeds of Issue lists don't respect the sort order

2020-11-17 22:51 - Andrew Mo

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues list	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	4.1.1
<b>Resolution:</b>			
<b>Description</b>			
<p>When viewing lists of issues there are options to view the list as "Atom, CSV &amp; PDF" output. The sorted content in the CSV &amp; PDF output reflects the selected list settings in the current view, but that's not the case for the Atom feed. For my test instance with just a few Issues, the Atom list is always in descending order. Note that the same problem exists on this redmine.org site, but I can't work out what the sort order is here in the Atom feed - but it's not Ascending order, like I asked for.</p>			
<b>My Environment:</b>			
Redmine version	4.1.1.stable		
Ruby version	2.5.1-p57 (2018-03-29) [x86_64-linux-gnu]		
Rails version	5.2.4.2		
Environment	production		
Database adapter	PostgreSQL		
Mailer queue	ActiveJob::QueueAdapters::AsyncAdapter		
Mailer delivery	smtp		
<b>SCM:</b>			
Mercurial	4.5.3		
Git	2.17.1		
Filesystem			
<b>Redmine plugins:</b>			
redmine_env_auth	1.1		
redmine_language_change	0.1.0		
redmine_wiki_lists	0.0.9
