<b>Description</b>	
<p>In <a href="#">#3209</a> you added support for exclamation marks in url but it disabled the possibility to do linkable image.</p> <p>Suggested patch:</p> <p>When we arrive at evaluating this re, the input looks like either like:</p> <pre>&lt;p&gt;!/attachments/download/1!&lt;/p&gt; &lt;-- we want to expand or &lt;p&gt;http://www.pouet.com/ahah!lol! &lt;-- we don't want to expand</pre> <p>But also like, when we have "p=."</p> <pre>&lt;p :redsh#1:&gt;!/attachments/download/1!&lt;/p&gt;</pre> <p>Therefore I suggest to use this re in redcloth3.rb :</p> <pre>IMAGE_RE = /   (&lt;p&gt; &lt;p\s:.*:&gt; \s ^) # start of line?   \! # opening</pre>
