

Redmine - Patch #34444

Remove unused key :preview from Redmine::AccessKeys::ACCESSKEYS

2020-12-14 03:17 - Go MAEDA

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	4.2.0		
Description			
As reported in #30459 , Redmine 4.0 and later no longer supports the accesskey "r" (updates the preview in editor mode) due to the improvement of UI made by #27758 .			
The definition of the accesskey should be removed.
