~~I have not found the solution to~~ remedy this problem, please some help me to solve this problem , think the patch should be ported to the part of this code halper /issues\_helper rb

```
def issue_spent_hours_details(issue)
  if issue.total_spent_hours > 0
    path = project_time_entries_path(issue.project, :issue_id => "~#{issue.id}")

    if issue.total_spent_hours == issue.spent_hours
      link_to(l_hours_short(issue.spent_hours), path)
    else
      s = issue.spent_hours > 0 ? l_hours_short(issue.spent_hours) : ""
      s << " (#{l(:label_total)}): #{link_to l_hours_short(issue.total_spent_hours), path})"
      s.html_safe
    end
  end
end
```
