Description			
<p>Hi,</p> <p>I would like to have more control on how people your me as a watcher and if I shall get notifications or now.</p> <p>So new watcher User Stories can include:</p> <p>As a Redmine User I want to control wheather I can be used as a watcher or not.</p> <p>As a Redmine User I want to stop all mail from watches that had been added by others but not me.</p> <p>As a Redmine User I want to deny certain users to use me as a watcher.</p> <p>As a Redmine Admin I want to warcher permissions so that I can define a group of watchers a group can select.</p> <p>I beleive any of those can help my current spam problem.</p>
