Description

https://github.com/rails/rails/blob/f855139f3d2bb9b032613279d0adfbd6a77a2d07/activerecord/lib/active_record/persistence.rb#L487

https://www.ruby-lang.org/en/news/2019/12/12/separation-of-positional-and-keyword-arguments-in-ruby-3-0/

there're failures on Ruby 3.0 due to kwargs separation, these two places should be changed either to accept kwargs instead of args or ignore them.

note that Ruby 3.0 isn't supported without Rails patches #29914
