

Redmine - Defect #35201

Duplicate entries in issue filter values

2021-05-04 12:03 - Jens Krämer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Issues filter	Estimated time:	0.00 hour
Target version:	4.1.4	Affected version:	
Resolution:	Fixed		
Description when filtering the issue list for multiple assignees, the redisplayed filter values box contained the selected users twice - once under their option group (i.e. 'active'), and once below, without any option group: screenshot.png The cause was using .last when computing missing entries, which will not return the id as expected in the case of 3-element array values. Using [1] instead fixed this. That bug was observed on 3.4 through to current master.			

Associated revisions

Revision 20990 - 2021-05-07 06:45 - Go MAEDA

Duplicate entries in issue filter values (#35201).

Patch by Jens Krämer.

Revision 20991 - 2021-05-07 06:47 - Go MAEDA

Merged r20990 from trunk to 4.2-stable (#35201).

Revision 20992 - 2021-05-07 06:50 - Go MAEDA

Merged r20990 from trunk to 4.1-stable (#35201).

History

#1 - 2021-05-05 14:00 - Go MAEDA

- Tracker changed from Patch to Defect
- Status changed from New to Confirmed
- Target version set to 4.1.4

Setting the target version to 4.1.4.

#2 - 2021-05-07 06:50 - Go MAEDA

- Status changed from Confirmed to Closed
- Assignee set to Go MAEDA
- Resolution set to Fixed

Committed the fix. Thank you.

#3 - 2021-05-07 08:14 - Go MAEDA

- Subject changed from duplicate entries in issue filter values to Duplicate entries in issue filter values
