

Redmine - Defect #35428

Redmine 4.2.1 Import Issue Tab missing

2021-06-21 11:45 - cloud tsf

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
Hello,			
Recently upgraded Redmine from 4.0.2 to 4.2.1, I could not find the 'Import Issues' tab under 'projects'. This is happening even for the admin user with all Roles and permissions enabled. Kindly help me to resolve this.			

History

#1 - 2021-06-22 03:54 - Go MAEDA

The import button is in the action menu ("..." menu) since Redmine 4.1.0 ([#30294](#)).

If the "..." button is not found in your environment, please try again after changing the theme to the default one.

#2 - 2021-06-22 16:26 - cloud tsf

Great! It worked. Actually, I have installed a Tree View plugin (https://github.com/Loriowar/redmine_issues_tree) and it had a compatibility issue. Now, replaced the new plugin and works fine!!

Thanks.

#3 - 2021-06-22 17:28 - Marius BĂLTEANU

- Status changed from New to Closed

- Resolution set to Invalid
