Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	4.0.0
Resolution:			
Description			
<p>Hello all</p> <p>i need an immediate help please, i have an issue that i need to send the issue to more than one assignee and i cant add them in groups because the combination is changable, i add new costum field with type (user) but the selected user(s) from this menu doesnt receive any notifications and doesnt have permission to access this issue.</p> <p>i tried a plugin with name (custom_users_as_assignees) but after i install the plugin my redmine fails and i have to remove the plugin from the directory to work.</p> <p>please help me fixing this problem as i need it immediatly</p>
