Redmine - Feature #35507
API to close/reopen projects

2021-07-02 03:16 - Go MAEDA

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	REST API		**Estimated time:**	0.00 hour
Target version:	5.0.0			
Resolution:	Fixed			

Description

API to archive/unarchive projects has been implemented for Redmine 5.0.0 (#35420). I think it is better to implement API to close/reopen projects as well.

This is because archive and close of a project are similar choices for admins. Depending on the situation, admins may want to archive a project, or close a project.
