<b>Description</b>			
<p>A feature like this would be in line with #7360. It wouldn't need the project and user level defaults though. It would IMHO be a more complete (than r19505) solution to the need expressed in #32818.</p> <p>With this feature, the <code>project_list_display_type</code> setting added in r19505 can be removed.</p>
