

Redmine - Feature #35797

Don't show issues without spent time on the issues list with 0.00/0:00 spent time values

2021-08-22 08:43 - Mischa The Evil

Status: New	Start date:
Priority: Normal	Due date:

Category: Issues list	Estimated time: 0.00 hour
Target version: Candidate for next major release	
Resolution:	
Description	
Currently issues without spent time are rendered on the issues list with 0.00/0:00 spent time values. I think it would make more sense to completely omit showing any spent time values for such issues instead. Such would tidy up the issue list some more, rendering only actually set values.

- Target version set to Candidate for next major release

The easiest and safest way to achieve this is to render the column content only when the spent time or total spent time is > 0:

```
diff --git a/app/helpers/queries_helper.rb b/app/helpers/queries_helper.rb

     value.to_a.map {|a| format_object(a)}.join(" ").html_safe
```

The current issue where an issue with spent time added with 0 hours cannot be distinguish from an issue with no spent times will remain.

I'm in favour of this change because the view will be cleaner and consistent with estimated time columns.
