Description

Hi there,

I wrote a plugin which extends original news feature with following:

- notifies a news to every active users via e-mail on-demand and with the permission to do so

We are using this feature to distribute such as system suspension notice .

If this UX is built in to original Redmine, I'm happy!

History

#1 - 2021-10-15 03:37 - Anonymous

Built for Redmine 4.1.
