Revision 21347 - 2022-01-05 15:15 - Go MAEDA

Reverts r21299 (#36280).

r21299 deleted two necessary strings (label_default_query and field_default_project_query) and added label_default_query that is no longer used after r21280.

Committed the patch. Thank you.

#2 - 2022-01-05 15:17 - Go MAEDA

I have reverted the change made by r21299.

This is because r21299 deleted necessary strings (label_default_query and field_default_project_query) and added label_default_query that is no longer used after r21280.

Now field_default_project_query is untranslated.
