

Redmine - Defect #36384

Error on roadmap creation after migrating to 4.2.3

2022-01-04 20:19 - Jonathan Cormier

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Roadmap	Estimated time:	0.00 hour
Target version:			
Resolution:	Duplicate	Affected version:	4.2.3

Description

I recently migrated our redmine version from 3.3.x to 4.2.3 about 2 months ago. Today it was noticed that we are no longer able to create new versions for the roadmap. I removed all plugins to make sure it wasn't plugin-related.

I get the error "Status is not included in the list" when I hit the Create button. However, there is no Status field to fill in.

CreateVersion.png

Environment:

```
Redmine version      4.2.3.stable
Ruby version         2.6.6-p146 (2020-03-31) [x86_64-linux-gnu]
Rails version        5.2.6
Environment          production
Database adapter     Mysql2
Mailer queue         ActiveJob::QueueAdapters::AsyncAdapter
Mailer delivery      smtp
```

SCM:

Subversion	1.13.0
Mercurial	5.3.1
Cvs	1.12.13
Bazaar	3.0.2
Git	2.33.1

Filesystem

Redmine plugins:

```
no plugin installed
```

The logs don't print any error messages when this happens.

```
==> ../redmine-logs/redmine/production.log <==
```

History

#1 - 2022-01-04 20:26 - Jonathan Cormier

Note this doesn't fail on a blank/fresh install of 4.2.3 so must be an issue with the migration?

#2 - 2022-01-04 20:52 - Marius BĂLTEANU

- Status changed from New to Needs feedback

I think is the same problem reported in [#27319](#), can you take a look on your table definition?

#3 - 2022-01-04 21:43 - Jonathan Cormier

Yes that looks like the same issue. I can post on that redmine instead.

#4 - 2022-01-04 23:21 - Jonathan Cormier

Could you mark this as a duplicate and close it?
