

Redmine - Defect #36394

Avoid passing ActionController::Parameters outside of MailHandlerController

2022-01-06 16:53 - Felix Schäfer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Marius BALTEANU	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	5.0.0	Affected version:	4.2.3
Resolution:	Fixed		
Description			
<p>Currently the MailHandlerController passes an instance of ActionController::Parameters to the MailHandler. The options holds a duplicate ActionController::Parameters of the Controller params.</p> <p>This can cause difficulties in later processing. We propose explicitly permit-ing the params that will be used later and using a Hash for the options.</p>

Revision 21464 - 2022-03-18 19:42 - Marius BALTEANU

Avoid passing ActionController::Parameters outside of MailHandlerController (#36394).

Patch by Felix Schäfer.

History

#1 - 2022-01-06 17:01 - Felix Schäfer

I have forgotten to add a link to the source code `source:/trunk/app/controllers/mail_handler_controller.rb@21350#L31`

#2 - 2022-01-06 17:03 - Felix Schäfer

- *File 36394-mail_handler_controller_permit_parameters.patch added*

The attached patch allows all options set by `rdm-mailhandler.rb` `source:/trunk/extra/mail_handler/rdm-mailhandler.rb@21350#L156`. This will need to be kept in sync, so maybe adding a comment on both sides will make it easier to remember to add new options to the other side too.

#3 - 2022-01-17 02:50 - Go MAEDA

- *File 36394-mail_handler_controller_permit_parameters-v2.patch added*

- *Target version set to Candidate for next major release*

The attached patch allows all options set by `rdm-mailhandler.rb` `source:/trunk/extra/mail_handler/rdm-mailhandler.rb@21350#L156`. This will need to be kept in sync, so maybe adding a comment on both sides will make it easier to remember to add new options to the other side too.

Updated the patch to add a comment on `app/controllers/mail_handler_controller.rb` and `extra/mail_handler/rdm-mailhandler.rb`.

#4 - 2022-01-21 01:11 - Go MAEDA

- Category changed from *Email receiving* to *Code cleanup/refactoring*
- Target version changed from *Candidate for next major release* to *5.0.0*

Setting the target version to 5.0.0.

#5 - 2022-03-18 19:43 - Marius BALTEANU

- Status changed from *New* to *Resolved*
- Assignee set to *Marius BALTEANU*
- Resolution set to *Fixed*

Patch committed, thanks!

#6 - 2022-03-18 23:00 - Marius BALTEANU

- Status changed from *Resolved* to *Closed*
