

Redmine - Patch #36493

Update Polish translation

2022-01-22 16:47 - Robert Korulczyk

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%

Target version:			
Description			
Follow up for #33361 .			
Also, I would appreciate it if you don't change order of translations. In #33361 I intentionally restored order from en.yml, and while it makes this initial diff quite big, it also simplifies translation process, since I can compare translations with English strings side by side (example).			

Associated revisions

Revision 21449 - 2022-03-07 10:48 - Go MAEDA

Reorder keys in pl.yml to the same order with en.yml (#36493).

Patch by Robert Korulczyk.

Revision 21450 - 2022-03-07 10:49 - Go MAEDA

Polish translation update (#36493).

Patch by Robert Korulczyk.

History

#1 - 2022-02-12 23:48 - Robert Korulczyk

- File *pl.patch* added

- File *pl.yml* added

Updated translations after [r21395](#).

#2 - 2022-02-20 08:56 - Go MAEDA

Can you split the patch into two patches? The first patch just changes the order of labels and the second patch updates translations. This makes it easier to track changes in the repository.

#3 - 2022-02-20 12:47 - Robert Korulczyk

- File *pl-step1.patch* added

- File *pl-step1.yml* added

- File *pl-step2.patch* added

- File *pl-step2.yml* added

Done.

#4 - 2022-02-21 13:51 - Go MAEDA

Thank you for posting the new patches but I found some reordering also in pl-step2.patch. I will try to update the patches.

These are new untranslated phrases moved to correct place. If you revert reordering, they will be a problem for future translations, since order of phrases will not match original from en.yml.

I based step1 on original patch from [#33361](#) with new phrases added since then (which are added at the end). If such reordering is a problem, then maybe rake locales:update would be able to respect order from en.yml?

#6 - 2022-03-07 10:49 - Go MAEDA

- Status changed from New to Closed
- Assignee set to Go MAEDA

Committed the translations. Thank you for your contribution.

#7 - 2022-10-21 16:02 - Marcin Szewczyk

There is a serious mistake in the translation - uppercase boolean values are inverted!

```
general_text_No: 'Tak'  
general_text_Yes: 'Nie'  
general_text_no: 'nie'  
general_text_yes: 'tak'
```

Should be:

```
general_text_No: 'Nie'  
general_text_Yes: 'Tak'  
general_text_no: 'nie'  
general_text_yes: 'tak'
```

Problem introduced in [r21449](#).

#8 - 2022-10-21 17:17 - Robert Korulczyk

- File pl.patch added
- Status changed from Closed to Reopened

Sorry about that. I'm attaching a patch to fix this regression.

#9 - 2022-10-22 08:59 - Go MAEDA
