

Redmine - Defect #3652

Unicode Support for TXT-Files

2009-07-22 10:44 - Roland ...

Status:	Closed	Start date:	2009-07-22
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Attachments	Estimated time:	0.00 hour
Target version:		Affected version:	1.2.0
Resolution:	Duplicate		
Description			
Hi			
I don't if it's a missing feature or a defect.			
I uploaded a txt file to a Redmine ticket. The txt contains the unicode character ö. If I'm downloading the file, everything is fine. Notepad++ shows everything correct. But if I'm click on the file within Redmine, Redmine opens the file and shows this: status.JPG			
My System:			
Database: XAMPP 1.6.8 with MySQL 5.0.67			
Ruby: 1.8.6(2007-09-24 patchlevel 111)			
Rails: 2.3.2			
Redmine: 0.8.4
